Commissioned Art Info Sheet

01. Rates

Finished Penciled Art:

Penciled commissions are \$85 for a single (established) character, \$25 per additional character up to 4 total, \$175 for beyond (well, to what can be reasonable fitted on a page).

Inked Art:

Inked commissions are \$125 single, \$45 per additional up to 4 total, \$300 for beyond (same goes as mentioned in penciled section for maximum).

02. Workflow

Colored/Digital/Others:

Quote can be provided for other types of unique commissions.

Usually working from your commission descriptions, I will generate 2-4 loose, comp sketches. This process will normally take about 1-2 business days from the official start of the commission.

Upon approval of one of the concepts, I will proceed to complete the artwork. This process can take between 1 week to 2 weeks, depending on the complexity of the artwork and my current workload.

A scan of finished artwork will be e-mailed to you as a proof of work completed, along with a quote for the shipping method of your choice.

Within 2 business days of full payment, your commissioned artwork will be shipped, securely packaged.

03. Media Used

Normally, all commissions are done on Strathmore art board, 11"x17".

Upon request, a comic book interiors art board pre-ruled in non-photo blue ink from Blue Line Pro can be used instead. Please consult me if you'd like to have your artwork done in different dimensions.

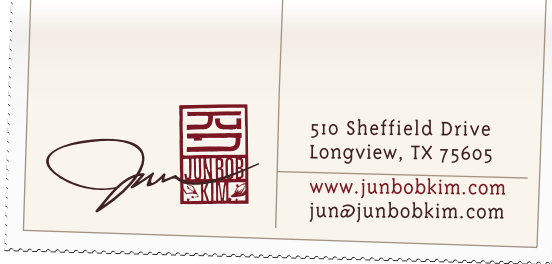

6H-2B range of pencils, some graphite if gray shading is employed for pencil commissions. Inks are done using Higgins Black Ink, various sable brushes, variety of pen tips & technical pens for details.

04. MUST-READ Details

Commissions that costs more than \$175 will require a 25% down-payment to initiate the process. A request for complex background may incur additional \$25 pencil/\$35 ink charge.

The workflow time frame is an estimated time of actual work performed. The entire time frame for start to end may take longer depending on several factors, including my workload *before* your commission started. I will try to provide a more realistic time frame each time work is actually commissioned.

No nudes or adult-theme commissions please.
